Subject:	Call for Transparency and an end to the Demonization of Israel
Date:	Sunday, April 15, 2018 9:45:03 PM

Dear Vice Mayor Jan Devereux,

I don't like merely signing a form letter like that below, even though I whole heartedly concur with its (rather wordy) content. If the Cambridge City Council wants to oppress the Palestinians in the West Bank (reduce employment and degrade infrastructure) like Hamas oppresses the Palestinians in Gaza- in the hope of increasing the likelihood of conflict with Israel, then by all means pass this resolution.
- - - I respectfully oppose the lack of transparency and unfair singling out of Israel in this City Council Vote. As someone who is concerned about the city you live in and its public image, this resolution will have implications beyond Hewlett-Packard and, if adopted, would tarnish the reputation of OUR city.

The Cambridge City Council should not abdicate its responsibilities to an interest group whose purpose is to demonize Israel. Any resolution of this kind deserves a full and fair public hearing, including inviting experts and interested parties to weigh in openly before action is taken.

Singling out Israel and HP, amongst all the nations, companies and conflicts in the world, and holding them to a unique ethical standard raises troubling issues about the Cambridge City Council. Thousands of American companies are working overseas and engaged in transactions that can be tied to questionable human rights practices; including numerous companies with Cambridge contacts.

In this instance, the Council is overlooking scores of other situations and electing to support dubious and largely unexamined claims against Israel made by an outside organization. If the Cambridge City Council elected to adopt a foreign policy that it applied without prejudice to nations and companies around the world, the issue of an ethical double standard would not be raised.

The BDS movement is detrimental to achieving peace. The establishment of a Palestinian state is a goal we share but will not be realized by extreme and deceptive claims that belie the hard reality on the ground. There are many people of goodwill, who are working to bridge the divide between Israelis and Palestinians. Boycotts, like the one under consideration, undermine these peacemakers, fuel polarization, and strengthen the hands of those who reject co-existence.

Regards,
Loren Joseph
